

Blue Nitrile Disposable Gloves 4Mil

Our 4-mil nitrile gloves provide standard-duty protection for jobs that demand high levels of precision. These gloves provide enhanced puncture resistance, so you get the coverage you need. Nitrile material provides a soft and flexible feel allowing precise movements. They offer reliable defense against punctures, cuts, and abrasions, ensuring your hands remain protected. With technology always at our fingertips, we designed our gloves to remain on when using touchscreens. Our ambidextrous gloves are latex and powder free. Once the job is completed, simply discard the disposable gloves.

Textured Fingertips
