## Hydraulic Punch Tool Kits

### Introducing the Newest Addition to our Punch Family

Our flagship and state of the art 12-Ton Hydraulic Hole Punch Kit, HPTK features a compact yet extremely powerful punch pump with a 360 fully articulating head. The 12-Ton head allows users to punch holes in any position and our innovative three point dies ensure a clean cut every time. The kit includes two Tip-Bits that feature our unique Replaceable Tip and is packed in an ultra heavy duty carrying case with industrial strength latches.

#### Features and Benefits

- Will punch up to 6" holes
- 3-point die design prevents slug building in cup
- Great for steel, stainless steel, aluminum, plastic, & fiberglass

HPS1	1/2" Spacer for punch tool	X	X
HPSDS38	3/8" Small draw stud/collar	X	X
HPLDS75	3/4" Large draw stud/collar	X	X
HPS78	7/8" Cup and die set for 1/2" conduit	X	X
HPS118	1-1/8" Cup and die set for 3/4" conduit	X	X
HPS138	1-3/8" Cup and die set for 1" conduit	X	X
HPS134	1-3/4" Cup and die set for 1-1/4" conduit	X	X
HPS200	2" Cup and die set for 1-1/2" conduit	X	X
HPS212	2-1/2" Cup and die set for 2" conduit	X	X
HPS300	3" Cup and die set for 2-1/2" conduit	X	X
HPS312	3-1/2" Cup and die set for 3" conduit		X
HPS400	4" Cup and die set for 3-1/2" conduit		X
HPS412	4-1/2" Cup and die set for 4" conduit		X
	Ultra Heavy-Duty Carrying Case	X	X

#### TIP-BITS

##### Features and Benefits:

- Tip-Bits are the only step drill bits available with a replaceable tip
- Constructed of M2 high speed steel coated with titanium and cobalt
- Triple-flute designed tip cuts smoother, faster, and cooler

#### QUICK CHANGE

##### Features and Benefits:

- Industrial quality
- Alloy steel construction provides increased hardness and rust resistance
- Extra long 3/8" shank
- Ideal for keyless chucks
- Compatible with quick connect chuck systems

### PRECISION ACCESSORIES

#### CUPS & DIES

##### Features and Benefits:

- The finest high speed steel (HSS) is used in Dottie cups & dies
- Unique 3-point design and careful machining produces long lasting cups & dies
- Laser etched identification & location alignment markings
- Cups & dies are interchangeable with other tool brands
