

TUFF GEAR™

55 POCKET WORKSTATION BACKPACK

The Tuff Gear Workstation Backpack is made of a durable, 1680 denier ballistic polyester to withstand the toughest conditions. The unique 360° quick access design, ensures you are always within easy reach. Designed to stay open from the front and back without tipping over, by having a stable waterproof molded hard base. There are a variety of 55 pockets for ample storage space for tools and accessories. Featuring a removable versatile caddy, that detaches easily from the backpack, allowing you to take exactly what you need anywhere conveniently.
