Duct Tape

Duct tape is an all purpose, polyethylene coated, utility grade cloth tape that adheres to all types of surfaces. It is great for general repairs, bundling, patching, sealing and many other applications. It tears straight and is curl resistant.

Features:

- Curling and twisting resistant
- Moisture resistant
- Excellent adhesion to smooth and rough surfaces
- Good balance of strength and conformability
- Temperature rating 200° F
- 9 mil polyethylene coated cloth backing
- Tested in accordance with UL 723

Product Dimensions

PN#	Dimensions	Color
DT260	2" x 60'	Silver
DT260RED	2" x 60'	Red

Performance Data

Property	Value	Test Method
Total Thickness	0.229 mm	ASTM-D-1000
Tensile Strength	42.03 N/mc	ASTM-D-1000
Elongation at Break	20%	ASTM-D-1000
Operation Temperature	40°F - 200°F	
VOC Content	<3 g/L	
Adhesion Strength		
Steel	7.66 N/cm	PSTC-101
Backing	4.38 N/cm	PSTC-101
Recommended storage conditions: 60°F-80°F at 46-60% RH.
