Insulpad

Insulpads are a permanently soft, non-drying pad that are used to deaden sound in electrical outlet boxes. They can be extruded into pads, tape and bead form to provide a moisture tight seal from the area.

Features:

- Low VOC
- Non-corrosive
- Excellent resistance to water, alcohols, mild acids and bases
- Adheres to clean metal, glass, and plastic surfaces
- Non-toxic / asbestos free

Product Dimensions

PN#	Size
68	1/8" x 6" x 8"

Performance Data

Property	Value	Test Method
Base	Non-drying synthetic polymers and oils	
Fillers	Mineral fillers and inert ingredients – Non-asbestos	
VOC	0-1 g/l	EPA 24*
Specific Gravity	1.71 gm/cc	ASTM D71-84
Vehicle Bleed Out	Oil and other liquids will not bleed out for up to one year	Visual Method
Slump	Will not flow up to 250°F	ASTM D-816-82
Temperature Tolerance Range	Recommended	-20°F to + 180°F
Cure	Non-curing	
Adhesion	Adheres to clean metal, glass, or plastic surfaces	ASTM C-907

* Modified as the pads do not dissolve in solvent
